

3x
FASTER • STRONGER • SAFER

**NICKEL SAFE
ICE MACHINE CLEANER**

Fast Acting Formula

Removes More Scale

NSF & Kosher Approved

1 U.S. Gallon (3.785 liters)

BENEFITS

Viper Nickel Safe contains a new proprietary blend of organic acids that remove scale much faster and is ecologically safer than out dated phosphoric acid cleaners. It is the ideal choice for use in food equipment. NSF registered, Kosher certified, and safe for Nickel Plated Evaporators like Manitowoc®. Save time and money by making the switch to Viper products. Please visit our website for more information.

Manufactured by:

a Family Company Since 1987.

DIRECTIONS

-  Remove ice from bin, drain water, and refill with fresh water
-  Switch machine into cleaning mode
-  Slowly add the desired amount of cleaner
- Use 8 ounces of cleaner for every 250-300lbs/day of ice production
-  Circulate for 10-30 minutes depending on scale load
-  Discard spent water and rinse machine 3 times
-  Switch machine into operation and discard first batch of ice

Part# RT500G

OUR STORY

**Designed
by a service tech
for a service tech**

"As a service technician for over 17 years, I combined my HVAC/R expertise with my chemistry background to develop a family of products that every technician will want on their truck. Refrigeration Technologies is the most trusted name for innovative products in the industry."

Thank you for purchasing!
