

**3x**  
CLEAN • DEODORIZE • PROTECT

**Stops Chronic Drain Blockage**

**Outperforms Tablets or Strips**

One U.S. Quart (.946 liters)

## BENEFITS

Viper Pan and Drain treatment is a Triple Action Gel that effortlessly Cleans, Deodorizes, and Protects. The slow dissolving silicone detergent gel contains digestive enzymes that keep working for up to 90 days. The enzymes break up and disperse the slime, sludge, and sediment, gumming up the pan, p-trap, and piping. The silicone detergent leaves behind a super slippery coating to prevent future buildup and blockage. Please visit our website for more information.

Manufactured by:

**REFRIGERATION  
TECHNOLOGIES**

a Family Company Since 1987.

## DIRECTIONS

Turn off or Disconnect all power from system.

Spray entire pan and bottom rows of evaporator coil with gel treatment.

**Tip:** Blow out drain if clogged.

No waiting required

No rinsing required

In food processing areas: remove or protect all food and packaging materials. Rinse with potable water after use if contact with food or packaging material is expected.

All Done! Service every 3 months

## OUR STORY

**Designed  
by a service tech  
for a service tech**

"As a service technician for over 17 years, I combined my HVAC/R expertise with my chemistry background to develop a family of products that every technician will want on their truck.

Refrigeration Technologies is the most trusted name for innovative products in the industry."

**Thank you for purchasing!**
